

DRINKS PACKAGES

At Augill, we run the conservatory bar as an honesty bar. For *Exclusively Yours* weddings we take a stock check at the start of your stay and one at the end and what has been consumed in between makes up your bill.

At most celebrations, guests contribute to the bill as they drink by putting money directly into an honesty box during their stay. Alternatively, we can provide bar staff to assist.

For *Augill Just For The Day* weddings you and your guests can keep a tab or pay as you go.

The bar is stocked with a variety of spirits, beers & soft drinks and you can ask for any of these to be removed prior to your guests' arrival. Prices are similar to that of a pub.

Only you can know how much your guests will drink but our drinks packages help budget for drinks provided by you and include one glass after the ceremony, half a bottle of wine per person with dinner, and a glass for the toast.
