

Justin Woods @ Augill

Justin has a wealth of experience, having started his career at the two Michelin starred L'Ortolan in Berkshire, he then spent thirteen years at The Lanesborough at Hyde Park Corner. He makes Augill his new culinary home after 16 years as Executive Chef at Kendal's Castle Green Hotel

He says our food will be as Cumbrian sourced as possible. **"Let's look at more local farmers and producers and really see what amazing things we can find in the Eden Valley and surrounding area."**

The best quality food, cooked well but simply in the friendliest atmosphere. It's what we've always strived to do at Augill, only better.
